Directions for Use

Just add water to make. Bird's Crème Caramel dessert mix is expertly developed to provide a smooth, light, delicious flavoured dessert. It requires only the minimum of time to produce perfect results. DIRECTIONS 1. CAMEL - Squeeze the caramel syrup from the sachet(s) and use to line the base of 20 x 140g (110ml) moulds. (The caramel will flow more easily if the sachets are dipped in hot water for a few seconds before use). 2. CRÈME - Mix the contents of the pack smoothly with 568ml (1 pint) of cold water. Add to 1.7 litres (3 pints) of boiling water and bring back just to the boil, stirring all the time. Remove from the heat and pour carefully into the moulds. Leave in a cool place to set for approx. 1.5 hours. Refrigerate until required. YIELD - 2 x 1.1 litres or 20 x 140g (110ml) portions.
