Directions for Use

Empty the contents of the sachet into your favourite mug. Pour in 200ml of hot (not boiling) water and stir thoroughly. Perfection takes time, wait 20 seconds and stir again. For creamier texture gently tap your mug on the table. Now enjoy! Dissolve powder completely before placing a lid on any container such as a thermos or travel mug. To avoid the risk of burning, do not shake the container in order to dissolve the powder.

Storage Instructions

Store in a cool, dry place
