Handling Information

Directions for Use

Cap instructions: To remove cap: Place bottle on a firm flat surface. Grip cap and turn anti-clockwise. To replace cap: Place bottle on a firm flat surface. Grip cap and screw clockwise until tight. Directions for use: Precise dosing rate will depend on local conditions but typically following guidelines should be used. Dilute 1:300 in water for light soil. Dilute 1:200 in water for heavy soil. Always ensure your water softener is well maintained. Remove build up of food debris from the filters at regular intervals. Ensure the rinse section is running at the correct temperature (70.c) Avoid contact with aluminium and its alloys.

Storage Instructions

Storage: Store sealed in original container in a cool, dry place away from sunlight.
